Chapter II—Production and Marketing Administration (Commodity Credit)

[1947 C. C. C. Wheat Bulletin 1, Supp. 2]

PART 251—WHEAT LOANS AND PURCHASE AGREEMENTS

1947 WHEAT LOAN AND PURCHASE AGREEMENT PROGRAM (KANSAS CITY AREA)

Pursuant to the provisions of Article Third, paragraphs (b) and (j) of the Corporate Charter of Commodity Credit Corporation; sec. 7 (a) 49 Stat. 4 as amended, sec. 8, 56 Stat. 767 as amended; 15 U. S. C. Sup., 713 (a) 50 U. S. C. App., 968, Commodity Credit Corporation and the Production and Marketing Administration have issued, in 1947, C. C. C. Wheat Bulletin 1 and Supplement 1 thereto (12 F. R. 4167, 4257) regulations governing the making of loans and purchase agreements on wheat produced in 1947, and listing the rates applicable to wheat in eligible warehouse storage at designated terminal markets. Such regulations are hereby further supplemented as follows:

§ 251.127 *County and station rates, discounts, and premiums (Kansas City area)*—(a) *Schedule of rates.* The 1947 wheat loan and purchase rates listed herein for counties and stations in the Kansas City area are determined and established in accordance with the provisions of § 251.126 (b) (1947 C. C. C. Wheat Bulletin 1, Supplement 1). The rates per bushel on No. 1 dark hard winter, No. 1 hard winter, No. 1 yellow hard winter, No. 1 red winter, No. 1 western red, No. 1 soft white, No. 1 white club, No. 1 western white, No. 1 hard white, No. 1 heavy dark northern spring, No. 1 heavy northern spring, No. 1 heavy red spring, No. 1 hard amber durum, No. 1 amber durum, and No. 1 durum shall be as follows:

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

[Lemon Regulation 231]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.338 *Lemon Regulation 231*—(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 53 (7 CFR, Cum. Supp., 953.1 et seq.) regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess., 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 20, 1947, and ending at 12:01 a. m., P. s. t., July 27, 1947, is hereby fixed at 600 carloads, or an equivalent quantity.

(2) The prorate base of each handler who has made application therefor, as provided in the said marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Lemon Administrative Committee, in accordance with the provisions of the said marketing agreement and order, shall calculate the quantity of lemons which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handled," "handler," "carloads," and "prorate base" shall have the same meaning as is

given to each such term in the said marketing agreement and order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 17th day of July, 1947.

[Orange Reg. 187]

PART 966—ORANGES GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 966.333 *Orange Regulation 187*—(a) *Findings.* (1) Pursuant to the provisions of Order No. 66 (7 CFR, Cum. Supp., 966.1 et seq.) regulating the handling of oranges grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Orange Administrative Committee, established under the said order, and upon other

available information, it is hereby found that the limitation of the quantity of such oranges which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that compliance with the notice, public rule making procedure, and effective date requirements of the Administrative Procedure Act (Pub. Law 404, 79th Cong., 2d Sess., 60 Stat. 237) is impracticable and contrary to the public interest in that the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient for such compliance.

(b) *Order.* (1) The quantity of oranges grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., July 20, 1947, and ending at 12:01 a. m., P. s. t., July 27, 1947, is hereby fixed as follows:

(i) *Valencia oranges.* (a) Prorate District No. 1, unlimited movement; (b) Prorate District No. 2, 1,500 carloads; and (c) Prorate District No. 3, unlimited movement.

(ii) *Oranges other than Valencia oranges.* (a) Prorate Districts Nos. 1, 2, and 3, no movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference. The Orange Administrative Committee, in accordance with the provisions of the said order, shall calculate the quantity of oranges which may be handled by each such handler during the period specified in subparagraph (1) of this paragraph.

(3) As used in this section, "handler," "handler," "carloads," and "prorate base" shall have the same meaning as is given to each such term in the said order; and "Prorate District No. 1," "Prorate District No. 2," and "Prorate District No. 3" shall have the same meaning as is given to each such term in § 966.107 of the rules and regulations (11 F. R. 10258) issued pursuant to said order. (48 Stat. 31, as amended; 7 U. S. C. 601 et seq.)

Done at Washington, D. C., this 17th day of July 1947.

TITLE 10—ARMY WAR DEPARTMENT

Chapter IX—Transport

PART 903—TRANSPORTATION OF INDIVIDUALS

CHECKABLE PERSONAL BAGGAGE

Rescind paragraph (d) of § 903.7 and substitute the following:

§ 903.7 *Checkable personal baggage.* * * *

(d) *On transoceanic or Alaska voyages—*(1) *Allowance by the rail carriers and certain steamship lines.* Under the terms and conditions set forth in the Joint Military Passenger Agreement (W D Commercial Traffic Bulletin 6, of current year) with the rail carriers and certain steamship lines in the continental United States, exclusive of Alaska, a free allowance of 350 pounds of personal baggage on an adult ticket and 175 pounds on a child's half-fare ticket, of all classes, except special coach tickets, will be transported by the carriers parties to that agreement, for the following classes of traffic presenting tickets purchased for cash or issued in exchange for War Department transportation requests, when traveling in the United States on such tickets to or from ports en route to or from overseas points as indicated in subdivisions (i) (ii) (iii) of (iv) of this subparagraph, regardless of whether the passengers use Government or commercial facilities between such ports and overseas points:

(i) En route to or from trans-Pacific points via Atlantic or Gulf ports, or via Pacific ports: All military personnel; authorized dependents of military and

civilian personnel for whom transportation is authorized by the War Department; civilian employees (including laborers) of the War Department; and employees of the American Red Cross transported at the expense of the War Department.

(ii) Ordered to or detached from duty at stations in Alaska when traveling to or from a Pacific port: Commissioned officers and warrant officers.

(iii) Ordered to or detached from duty at trans-Atlantic stations when traveling to or from an Atlantic port (see subdivision (vi) of this subparagraph. Commissioned officers and warrant officers.

(iv) En route to or from all points outside the continental limits of the United States not covered by subdivision (i) of this subparagraph, via Atlantic or Gulf ports, or en route to or from points in Alaska via Pacific, Atlantic, or Gulf ports (see subdivision (vi) of this subparagraph) Authorized dependents of military and civilian personnel for whom transportation is authorized by the War Department.

(v) Provisional reduction: The foregoing is based upon the commercial allowance in connection with trans-Pacific transportation, as prescribed in current tariffs, and if such allowance is hereafter reduced, the baggage allowance authorized above will be correspondingly reduced.

(vi) Expiration date of provisions covering free allowance via Atlantic or Gulf ports: Under the terms and conditions of the above-mentioned Joint Military Passenger Agreement, the provisions outlined in subdivisions (iii) and (iv) of this subparagraph covering free allowance via Atlantic or Gulf ports will expire 6 months after the termination of the war as officially proclaimed by the President or the Congress of the United States.

(2) *Allowance by bus carriers.* Under the terms and conditions set forth in the Joint Bus Military Agreement (W D Commercial Traffic Bulletin 6, of current year) with certain commercial bus carriers in the continental United States, exclusive of Alaska, the same amounts of personal baggage, for the same classes of traffic and under the same conditions as authorized by the rail carriers and set forth in subparagraph (1) of this paragraph, will be transported by the bus carriers parties to that agreement, and on all classes of trans-Atlantic or trans-Pacific traffic not included in subparagraph (1) of this paragraph, free allowance of 200 pounds of personal baggage will be allowed by the bus carriers on an adult ticket and 75 pounds on a child's half-fare ticket, as prescribed in current tariffs, and if such allowance is hereafter reduced, the baggage allowance authorized by the agreement will be correspondingly reduced.

(3) *Method of obtaining the free allowance.* In order to obtain the weight allowance of baggage authorized in subparagraphs (1) or (2) of this paragraph, outbound passengers will present to the baggage agent, at the time the baggage is offered for checking, a through ticket to the port of embarkation and a copy of

travel orders or other official document issued by competent United States Government authority, under the authority of which the person is traveling, showing that the traveler is en route to the applicable points designated in subparagraphs (1) (i) (ii) (iii), or (iv) of this paragraph, as the case may be, by Government or commercial facilities beyond such port. Similarly, inbound passengers will present to the baggage agent, at the time the baggage is offered for checking, a through ticket from the port of entry to destination and a copy of travel orders or other official document issued by competent United States Government authority, under the authority of which the person is traveling, showing that the traveler has arrived by Government or commercial facilities en route from the applicable points designated in subparagraphs (1) (i) (ii) (iii), or (iv) of this paragraph, as the case may be.

(4) *Restrictions.* The foregoing provisions are subject to any restrictions of the War Department which may be currently applicable regarding personal property or equipment which may be taken to or from overseas points or Alaska. [AR 55-120, April 26, 1943, as amended by C 19, July 1, 1947]

TITLE 15—COMMERCE

Chapter I—Bureau of the Census, Department of Commerce

[Foreign Commerce Statistical Decision 63]

PART 30—FOREIGN TRADE STATISTICS

SHIPPER'S EXPORT DECLARATIONS CURRENTLY IN USE

Basic statutes require the filing of Shipper's Export Declarations for shipments of merchandise from the United States. The Foreign Commerce Statistical Decision below prescribes the general categories of shipments which are to be reported on the three export declaration forms currently in use. The requirements indicated are substantially in accord with established practice. As no additional burden is being imposed upon respondents, notice and public procedure within the meaning of section 4 of the Administrative Procedure Act (Pub. Law 404, 79th Cong.) are deemed unnecessary, and the decision is made effective immediately.

1. Paragraph (e) of § 30.7 is amended to read as follows:

§ 30.7 *Shipper's Export Declarations.* * * *

(e) Shipper's Export Declarations may be purchased for a nominal price from Collectors of Customs, Department of Commerce Field Offices, and the Superintendent of Documents, Government Printing Office, Washington 25, D. C. Declarations may be printed by private parties provided they conform strictly to the official form in size, wording, color

and arrangement, including the instructions printed on the reverse side and also the Budget Bureau Approval Number printed in the upper righthand corner on the face of the form.

2. Paragraphs (f) (g) and (h) are added to § 30.7 to read as follows:

(f) Commerce Form 7525-V (Shipper's Export Declaration) (yellow) is prescribed for use in declaring United States exports of domestic and foreign merchandise not provided for in paragraph (g) and (h) of this section.

(g) Commerce Form 7525 DA-V (Defense Aid Shipper's Export Declaration) (white) is prescribed for use in declaring United States exports of domestic and foreign merchandise shipped:

- (1) Under the Lend-Lease Program.
- (2) Under the U. N. R. R. A. Program.
- (3) Under the program covering relief assistance to the people of countries devastated by war.

(4) Under the program to provide for assistance to Greece and Turkey.

(h) Commerce Form 7513 (Shipper's Export Declaration for In-Transit Goods) (pink) is prescribed for use in reporting in-transit shipments as defined in §§ 30.29 and 30.37. Commerce Form 7513 should also be used for in-transit shipments of merchandise made under programs enumerated in paragraph (g) of this section.

3. Foreign Commerce Statistical Decisions 31, 37, 38, 42, 45, 50, 53 and 55 are rescinded.¹

Chapter VII—Sugar Rationing Administration, Department of Agriculture

[Sugar Rationing Administration Delegation Order 2,² Amdt. 1]

PART 705—ADMINISTRATION

Delegation Order 2 is amended in the following respects:

1. The title of Delegation Order 2 (§ 705.202) is amended to read as follows: "*Delegation of authority to sign and issue sugar rationing subpoenas and inspection orders.*"

2. Paragraph (a) (1) is amended to read as follows:

(a) (1) In connection with any investigation related to the administration or enforcement of the allocation or rationing authority of the Secretary of Agriculture and the Administrator of the Sugar Rationing Administration under the Sugar Control Extension Act of 1947 with respect to sugar, or any regulation

or order issued or continued in force and effect pursuant to that authority, the several Directors of the Field Offices of the Sugar Rationing Administration, Department of Agriculture are each authorized within their respective areas or localities to sign and issue: (i) subpoenas requiring any person to appear and testify, or to appear and produce books or records or any other documentary or physical evidence, or both; and (ii) inspection orders for the inspection of the books, records, and other writing, premises, and property of any person. However, any action taken with respect to such subpoenas and inspection orders by the several Regional Sugar Executives and Branch Office Directors within their respective regions or branches prior to the effective date hereof shall remain in full force and effect.

3. Paragraph (a) (2) is amended to read as follows:

(2) The authority conferred upon the several Directors of the Field Offices of the Sugar Rationing Administration, Department of Agriculture, by this paragraph (a) shall be exercised in conformity with the provisions of subparagraphs (3) and (4) of section 2 (a) of the act of June 28, 1940.

(54 Stat. 676, as amended by the act of May 31, 1941 (Public Law No. 89, 77th Cong.) and by Title III of the Second War Powers Act, 1942 (act of March 27, 1942, Public Law No. 507, 77th Cong.) as amended)

This amendment shall become effective July 9, 1947.

Chapter XXIII—War Assets Administration

[Reg. 2,¹ Order 12]

PART 8302—DISPOSAL OF SURPLUS PERSONAL PROPERTY TO PRIORITY CLAIMANTS

SURPLUS PROPERTY LOCATED ON THE ALEUTIAN ISLANDS

Application has been made to the Administrator by the disposal agency that surplus property located on the Aleutian Islands, because of remote geographical location, lack of transportation, and climatic conditions, should be disposed of immediately without prior offering to priority claimants.

The disposal agency has advised that since there are no regular airlines or shipping facilities between the Aleutian Islands and the Alaskan mainland, and since the distances involved are so great, that to offer this property first to priority claimants will make disposal impracticable and uneconomical in view of the short summer shipping season to the Aleutian Islands.

The disposal agency has further advised that the military services involved do not have personnel available to segregate, crate, move, or load on shipboard such property and that any offerings must be made on an "as-is, where-is" basis.

The disposal agency has further advised that the interest shown to date by priority claimants in surplus property located on the Aleutian Islands has been small and that to properly offer such surpluses to priority claimants will necessitate shipping such property from the Aleutian Islands to the mainland, which budgetary limitations preclude.

Accordingly, the War Assets Administrator finds that an exemption should be granted from the provisions of this part for any surplus property located on the Aleutian Islands on the ground that it is impracticable and uneconomical for the disposal agency to be required to dispose of surplus property according to the provisions of this part.

In view of all of the foregoing, it is hereby ordered that:

§ 8302.62 *Surplus property located on the Aleutian Islands.* Pursuant to the provisions of § 8302.3 (b) (4) of this part, the War Assets Administration, as disposal agency, is hereby authorized to dispose of any surplus property located on the Aleutian Islands at a fair and reasonable price without regard to any other provisions of this part.

PART 26—ORGANIZATION AND FUNCTIONS OF THE NAVAL ESTABLISHMENT

NAVAL SENTENCE REVIEW AND CLEMENCY BOARD

Amend § 26.4 (c) (2) to read as follows:

§ 26.4 *Executive Office of the Secretary.* * * *

(c) *Boards, offices, committees and divisions under the direct supervision of the Under Secretary.* * * *

(2) *Naval Sentence Review and Clemency Board.* The Naval Sentence Review and Clemency Board was convened by precept of the Acting Secretary of the Navy dated April 17, 1947, and on that date assumed the functions of the Naval Clemency and Prison Inspection Board. The Board reviews General Courts Martial sentences and other disciplinary matters requiring action of the Secretary of the Navy. The Board considers applications of Naval prisoners for clemency and for restoration to duty. Members of the Board make inspections of Naval places of confinement for Naval prisoners. The Board make recommendations to the Secretary who has final action in all matters coming under the cognizance of the Board.

TITLE 39—POSTAL SERVICE

Chapter I—Post Office Department

Subchapter C—Procedures and Forms

PART 50—PROCEDURES OF THE POST OFFICE DEPARTMENT

METERED AND NONMETERED MAIL

The following amendments to Part 50 (11 F. R. 177A-125) are effective at once.

1. Paragraph (p) of § 50.2006 is amended to read as follows:

(p) *Cancellation of permit.* (If no mailing is made for 12 months the permit is subject to cancellation.

2. Paragraph (b) of § 50.2007 is amended to read as follows:

(b) *Application for permit.* Persons or concerns desiring permits for mailing

nonmetered matter should apply to the local postmaster on Form 3612 (see § 55.2014 of this chapter). Each application must be accompanied with a fee of ten dollars as prescribed by 6.4 (c) of this chapter (see paragraph 3 (b) section 579, Postal Laws and Regulations, Postmaster General, 1940) and, unless otherwise instructed, be sent by the postmaster to the Third Assistant Postmaster General, Division of Letter and Miscellaneous Mail, endorsed to show that the fee has been paid.

3. Paragraph (c) of § 50.2007 is amended by changing Forms A and B to the following:

FORM A.

FORM B.

and by adding the following material:

On first-class matter the indicia shall be printed in one of the forms A or B indicated above, and approximately the same size. An hour may be shown in connection with the date when the matter is presented for mailing in ample time to be dispatched at such hour. On second-, third- and fourth-class matter the forms prescribed for first-class matter may be used by omitting the date and words "First-Class Mail," or form C may be used, in which case the figure representing the amount paid in money shall be printed from type not smaller than 14-point nor larger than 36-point and the other indicia not smaller than 10-point nor larger than 24-point. The amount of postage paid may be omitted from indicia on third-class matter mailed under section 562, Postal Laws and Regulations, but the inscription "Sec. 562, P. L. & R." must be printed adjacent to the indicia on matter mailed under § 5.63 of this chapter.

4. Paragraph (e) of § 50.2007 is amended by inserting before the first sentence of subparagraph (1) the following material:

Each mailing of nonmetered first-class matter must consist of not less than 300 pieces. When, however, in occasional instances a mailer whose mailings of such first-class matter ordinarily consist of 300 pieces or more may have a smaller quantity, or when in order to cooperate with the Postal Service, a mailer whose total daily mailings may not be much in excess of 300 pieces, presents a portion thereof early in the day, such mailings will be accepted, provided it will be to the mutual advantage of the mailer and the Postal Service to do so.

The individual pieces of nonmetered first-class matter must be identical as to

weight. Second- and third-class matter mailed under this section must be presented in quantities of not less than 300 identical pieces and fourth-class matter in quantities of not less than 250 identical pieces. When a mailing of first- second-, third- or fourth-class matter under this section extends over two or more consecutive days and the number of pieces presented on the last day to complete the mailing is less than the minimum number of pieces prescribed, such number will be accepted and an explanatory endorsement made on receipt form 3603, as contemplated by paragraph 7, section 579, Postal Laws and Regulations (§ 6.4 (f) of this chapter).

5. Paragraph (e) of § 50.2007 is amended by adding the following to subparagraph (2)

(2) *Separation.* * * *

Matter of the first class should, as a means of cooperation, also be so separated by the mailer in cases where this is practicable, and such separation will expedite its handling and dispatch.

The pieces comprising a mailing of first-class matter must be separated according to postage paid, i. e., those subject to 3 cents each to be in one lot, those subject to 6 cents in another lot, and so on.

6. Paragraph (g) of § 50.2007 is amended to read as follows:

(g) *Place of mailing.* Nonmetered matter is mailable only at the post office that issues the permit, the name of which appears in the indicia. The postmaster shall designate a point at the main office or station thereof where non-metered mail may be deposited and such mail must not be accepted at any other point. In no case may it be deposited in street letter boxes.

7. Paragraph (i) of § 50.2007 is amended to read as follows:

(i) *Registration.* When matter of the first, second, or third class mail without stamps affixed, is accepted for registration, it shall bear on the address side the complete indicia prescribed in paragraph (c) of this section, except that in the case of first-class matter the circle containing the name of the post office and State shall be omitted, and the matter shall be postmarked on the back of the envelope, as provided in paragraph (b) of § 6.13 of this chapter.

AUTHORITY: §§ 52.1 to 52.18, inclusive, issued under secs. 215 and 402 (f), 68 Stat. 630, 707, as amended, and by the Federal Security Agency Appropriation Act, 1948, approved July 8, 1947, Pub. Law 165, 80th Cong.; 42 U. S. C. Sup. 216, 232.

§ 52.1 *Definitions.* As used in this part:

(a) "Act" means the "Public Health Service Act" approved July 1, 1944, 68 Stat. 682, as amended.

(b) "Allotment" means funds allotted to a State on the basis of the formula prescribed in these regulations and to be expended under plans submitted by the State health authority. (§§ 52.2 to 52.13, inclusive, relate to allotted funds).

(c) "Exception" means the amount of Federal funds expended contrary to this part or the State plan.

(d) "Federal funds" means funds appropriated by Congress for carrying out the purposes of Title IV of the act.

(e) "Extent of cancer problem" means the ratio which the average annual number of deaths from cancer during the years 1940-44, inclusive, in each State bears to the total cancer mortality in the United States.

(f) "Financial need" as applied to any State means the relative per capita income, as shown by data supplied by the Bureau of Foreign and Domestic Commerce for the period 1941-1945, inclusive.

(g) "Grantee" includes any State agency administering a cancer program and any university, hospital, laboratory, institution, or professional nonprofit organization whether public or private dealing with the cancer problem which receives a grant of Federal funds under the regulations in this part.

(h) "Official forms" means forms and instructions supplied by the Public Health Service to the State health authority for use in the submittal of State plans or information required with respect to the operation of such plans.

(i) "Political subdivision" includes counties, health districts, municipalities, and other subdivisions of the State established for governmental purposes.

(j) "Population" as applied to any State or political subdivision, means the total population thereof, as of July 1, 1945, according to the estimates of the Bureau of the Census.

(k) "Program" means the activities and services planned for the prevention, control and eradication of cancer.

(l) "Project grant" means funds allotted to a grantee for carrying out special projects. (§§ 52.14 to 52.17, inclusive, relate specifically to projects.)

(m) "Public Health Service" means the Public Health Service in the Federal Security Agency.

(n) "Special projects" means specific programs of a noncontinuing nature relating to the prevention, control and eradication of cancer, including training. Research projects other than for statistical research are excluded.

(o) "State" includes any State, the District of Columbia, Hawaii, Alaska, Puerto Rico, or the Virgin Islands.

(p) "State health authority" means the official State agency administering the State health program.

(q) "State plan" refers to the information and proposals, including budgets, submitted by the State health authority pursuant to the regulations in this part for activities of the States and political subdivisions thereof for the prevention, control and eradication of cancer.

§ 52.2 *Basis of allotments.* Of the total sum determined by the Surgeon General to be available for the fiscal year 1948 for grants to States on a formula basis, allotments to the several States shall be as follows:

60 percent on the basis of population weighted by financial need.

35 percent on the basis of the extent of the cancer problem.

5 percent on the basis of relative population density.

§ 52.3 *State plans; submission and amendments.* (a) Each State making application for grants for a cancer control program shall submit plans through its State health authority. A State making such an application may consolidate its plan with the plans submitted in accordance with section 314 of the act provided that the information specifically required for a State plan is distinguished with respect to each purpose.

(b) The State plan and amendments thereto shall be prepared in accordance with official forms supplied by the Public Health Service for the purpose.

(c) The State plan may be amended with the approval of the Surgeon General or his designee. Amendments shall state the period they are to be in effect.

§ 52.4 *State plans; contents.* A State plan for a cancer control program shall consist of two parts:

(a) Part I shall describe the current organization and functions of health services for the program and the proposals of the State health authority for extending, improving and otherwise modifying such organization and functions. It shall include a description of the services and a statement that the plan if approved shall be carried out as described and in accordance with the regulations in this part.

(b) Part II shall consist of proposed budgets for carrying out the activities described in Part I, and shall specify the period for which such budgets are submitted.

§ 52.5 *State plans; time of submission and approval.* Review and approval of

RULES AND REGULATIONS

Part I shall precede review and approval of Part II. Part II of a plan shall not be approved unless each item thereof relates to activities specifically described in Part I. Part II of a plan shall not be approved for any period antedating receipt of such part by the Public Health Service except that in the event of emergencies involving expenditures not capable of prediction, telegraphic requests for approval of emergency expenditures may be tentatively approved pending submission of necessary amendments to Parts I and II (and justification thereof) at a later date prescribed at the time of such tentative approval.

§ 52.6 *Payments to States.* Payments from allotments to a State having an approved plan shall not exceed the allotment to such State or the total estimated expenditure necessary for carrying out the State plan, whichever is less. Subject to the foregoing limitations, payments shall be made as follows:

(a) The payment for the first quarter shall equal 35 percent of the total amount allotted to each State for the fiscal year.

(b) Payment for subsequent quarters from the allotments for the final three-quarter period shall be made once in each quarter and shall be based upon an application for funds showing the estimated requirements for such quarter and the estimated unencumbered balance of the respective fund in the State Treasury at the beginning of the quarter for which payment is to be made. All such payments shall be in the amount of the difference between the estimated requirement and the estimated unencumbered cash balance adjusted for exceptions, except that the amount paid together with such estimated unencumbered balance shall not exceed 35 percent of the total amount available to the State for the year. Except with respect to the first payment in the first quarter, payments from allotments shall not be certified unless all reports and documents prescribed by the regulations in this part to be due have been received. Any amount in excess of 35 percent of the total allotment to a State remaining unpaid after the third quarter payment shall be placed in the fund for special projects and will be allotted on a project basis for the current year. Any unpaid balance in the allotment account of a State remaining unpaid after the final payment to a State shall be available for allotment on a project basis during the remainder of the current year.

§ 52.7 *Required expenditure of State and local funds.* Federal funds paid to a State for its cancer control program shall not be used to conserve State and local funds otherwise available for such purpose.

§ 52.8 *Required administrative standard, State plans; expenditures.* (a) Federal funds paid to a State shall be expended solely for the purposes specified in plans approved by the Surgeon General or his designee, and in accordance with the regulations in this part.

(b) State laws and regulations governing the custody and disbursement of State funds shall govern the custody and disbursement of Federal funds paid to the State, subject to such modification as

may be determined by the Surgeon General.

§ 52.9 *Required administrative standard, State plans; cancer services.* The State plan shall provide for cancer services in substantial accordance with nationally accepted standards. Compliance with standards of performance by health agencies receiving Federal funds shall be evaluated on the basis of criteria prescribed by the Surgeon General.

§ 52.10 *Required administrative standard, State plans; personnel administration on a merit basis.* A system of personnel administration on a merit basis shall be established and maintained for personnel employed in the program, the budget of which provides for the expenditure of Federal funds. Standards for evaluating compliance with this requirement shall be contained in "Merit System Policies of the Public Health Service" in effect at the time of the expenditure.

§ 52.11 *Required administrative standard; State plans; training of personnel.* Use of Federal funds for training personnel for State and local health work shall be authorized by the State health authority in accordance with "Minimum Standards for Sponsored Training of the Public Health Service." Records of authorized training shall be maintained in the State health agency and shall be audited for compliance with these standards.

§ 52.12 *Required administrative standard; fiscal affairs.* (a) A separate and distinct fund account shall be maintained for Federal cancer funds by the principal State accounting officer.

(b) An efficient method for the conduct of fiscal affairs (including financial and property controls) shall be established and maintained with respect to State and local public health agencies receiving financial assistance through grants pursuant to the regulations in this part.

§ 52.13 *Required information and reports; audits.* (a) The Surgeon General may require the submission of information pertinent to the operation of the State plan and to the purpose of the grant, including the following, which wherever possible may be consolidated with data furnished in accordance with section 314 of the act: *Provided*, That the information specifically required for the cancer control program is identified:

(1) A certification on an official form as to the amount of State and local funds available for carrying out the State plan shall be due in duplicate prior to October 1, 1947.

(2) Quarterly reports on official forms showing total receipts, expenditures, unliquidated encumbrances and balances of Federal funds, and total quarterly expenditures from Federal grants and other sources for each budget shall be due in duplicate 45 days after the close of the quarter.

(3) A detailed annual report on an official form showing expenditures for each budget and item for the fiscal year 1948 shall be due in duplicate on October 1, 1948.

(4) A report on an official form showing personnel, facilities and services for

each local health organization included in the current State plan shall be due in duplicate on September 15, 1947.

(b) Audit of the activities and program described in the State plan may be made after prior consultation with the State health authority. Records, documents, and information available to the State health authority pertinent to the audit shall be accessible for purposes of audit.

§ 52.14 *Project grants; eligibility; submission of plan, approval.* State health agencies, universities, hospitals, laboratories, institutions, or professional nonprofit organizations, public or private will be eligible to apply for funds for projects relating to cancer control. The applicant shall submit plans for such projects through the State health authority.

§ 52.15 *Project plans; contents.* A project plan with respect to a cancer grant shall describe:

(a) The current organization and functions of the applicant, personnel available for cancer activities, objectives of the project and techniques for operation; and

(b) The amount of funds available to the applicant for the project, the amount of Federal funds required, the personnel needed, the cost of permanent equipment, consumable supplies and travel, and the period during which the project will be operated.

§ 52.16 *Payment to project grantees; unused funds.* Upon the approval of a project plan the total amount of the project will be paid directly to the grantee. A separate and distinct fund account shall be maintained by the grantee for the Federal funds paid hereunder. Any balances of the grant remaining unspent at the close of the project shall be returned to the Treasury of the United States.

§ 52.17 *Project expenditures; required reports; audits.* Federal funds paid to a project grantee shall be expended solely for the purposes specified in the project plan approved by the Surgeon General and in accordance with the regulations in this part. A monthly report of expenditures listing personnel employed and salaries, cost and nature of permanent equipment, cost and type of consumable supplies and cost of travel shall be submitted to the Surgeon General by the grantee. Audit of the activities described in the project plan may be made after prior consultation with the grantee. Records, documents and information available to the grantee pertinent to the audit shall be accessible for purposes of audit.

§ 52.18 *Effective date.* The regulations in this part shall become effective upon the date of their publication in the FEDERAL REGISTER.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

17 CFR, Part 9011

HANDLING OF WALNUTS IN CALIFORNIA, OREGON, AND WASHINGTON

DECISION WITH RESPECT TO PROPOSED FURTHER AMENDMENTS TO MARKETING AGREEMENT AND MARKETING ORDER

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.) (hereinafter referred to as the "act") and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159) a public hearing was held at San Francisco, California, on April 28, 1947, pursuant to notice thereof which was published in the FEDERAL REGISTER on April 10, 1947 (12 F. R. 2369) upon certain proposed further amendments to the marketing agreement, as amended, and to the marketing order, as amended, (7 CFR, 901.1 et seq., as amended, 7 CFR, Cum. Supp., 901.4, 901.17, 901.19), regulating the handling of walnuts grown in California, Oregon, and Washington. This regulatory program became effective on October 15, 1935, but its operation was suspended for the period from October 2, 1943, to March 31, 1947, both dates inclusive. The proposed further amendments upon which the recent hearing was held are designed to adopt this program to present-day conditions, as well as to incorporate therein certain other desirable changes.

Upon the basis of the evidence introduced at such hearing and the record thereof, the Assistant Administrator, Production and Marketing Administration, on June 11, 1947, filed with the Hearing Clerk, United States Department of Agriculture, his recommended decision in this proceeding. The notice of the filing of such recommended decision, affording opportunity to file written exceptions thereto, was published in the FEDERAL REGISTER on June 14, 1947 (12 F. R. 3894). However, no written exception was filed within the prescribed time.

The material issues presented on the record of the hearing are:

(1) The redefining of "Secretary" "act" "merchantable walnuts" "cull walnuts" "pack" "credit value" "sheller" "crop year" and "surplus referable", and the deletion of the definitions of "quality" and "Federal standard"

(2) The rewording of that portion of the provisions relating to the duties of the Walnut Control Board involving the Administration of the provisions of section 32 of the act to amend the Agricultural Adjustment Act, and for other purposes (Pub. Law 320) so as to show the current legal reference to such act.

(3) A change in the method of prescribing pack specifications and minimum requirements so as to authorize the Walnut Control Board to take such action, subject to the approval of the Secretary of Agriculture.

(4) A change in the method of fixing the salable and surplus percentages on merchantable walnuts for each year so as to authorize the Secretary of Agriculture to take such action on the basis of pertinent data, including recommendations furnished him by the Walnut Control Board.

(5) The exclusion from the application of the salable and surplus percentages of any separate pack of walnuts of which not over 12 percent by count will pass through a round opening 96/64 inches in diameter.

(6) A change of the phrase "or to be handled" wherever it appears in the agreement and order following the word "handled", to read "or certified for handling"

(7) A change in the form of certification of shipments so as to require indication whether the walnuts are to be shipped interstate or intrastate, or if for export, the country of destination.

(8) The inclusion of provision for assessments to cover expenses in the event no salable and surplus percentages are fixed for any crop year, and of provision for refunding any surplus of assessment collections remaining after all expenses for any crop year have been paid.

Findings and conclusions. The findings and conclusions on the aforementioned material issues, all of which are based on the evidence introduced at the hearing and the record thereof, and which are substantially the same as the findings and conclusions which were set forth in connection with the respective issues in the recommended decision, are as follows:

(1) The term "Secretary" should be redefined to recognize the fact that such official actually performs many of his functions through subordinates, and to insure that any such subordinates who perform any of his functions relating to this program pursuant to authority delegated to them by the Secretary, are covered under this term.

The term "act" should be redefined so as to show the current appropriate legal citation thereof.

The term "merchantable walnuts" should be redefined so as (a) to delete reference thereto "Federal Standard", the reason for the deletion of the term last referred to being discussed below, and (b) to recognize the proposed change in the method of determining pack specifications and minimum requirements as discussed in (3) of these findings and conclusions. The term "cull walnuts" should likewise be redefined so as to delete reference therein to "Federal Standard" and to insert, in lieu thereof, reference to "minimum specifications". The existing definition of the term "Federal Standard" refers to a regulation effective on and after September 1, 1933, issued

by the Secretary under the authority of the Federal Food, Drug, and Cosmetic Act (21 U. S. C., 301 et seq.). However, since such time, authority for the administration of that act was transferred to the Federal Security Agency, and there appears to be some question as to whether such regulation is now being followed or used by that agency. The substitute standard is proposed to be the minimum requirements discussed in (3) of these findings and conclusions, which, it is believed, will accomplish a similar objective. For the same reasons the definition of the term "Federal Standard" should be deleted.

The term "pack" should be redefined so as to include, in addition to requirements as to size, variety, or type, requirements as to internal quality and external appearance and condition. The added requirements are now contained under the definitions of the term "quality." However, it is believed that the inclusion of all such requirements under one term, i. e., "pack," is desirable from the standpoint of clearness and simplicity. Such a change, makes the definition of the term "quality" unnecessary, and it should be deleted.

The term "credit value" should be redefined so as to add the words "per pound" after the reference to the value to be established by the Walnut Control Board. This addition does not change the present meaning, but the statement that it is a value per pound is more specific and is in accordance with past practice. Also, the phrase "any pack and quality" in such definition should be changed to read "each pack." The deletion of "quality" is in conformity with the proposed definition of "pack" and the proposed deletion of the definition of "quality." The change from "any" to "each" makes the meaning more specific.

The term "sheller" should be redefined so as to add the word "commercial" before the word "purpose." This will exclude any implication or inference that such term might include shellers producing walnuts only for their own home use.

The term "crop year" should be redefined to cover the period from August 1 through July 31 of the following year, instead of the present period of September 1 through August 31 of the following year. Carryover stocks are customarily reported each year as of August 1. It is desirable that the crop year begin at the same time, since carryover stocks are important in fixing the salable and surplus percentages for the crop year. The use of a uniform crop year would simplify and reduce the amount of both accounting and statistical work. The change also appears advisable for the reason that beginning with August 1 of each year, the Walnut Control Board's activities have to do primarily with preparing for the new crop year, and, therefore, the expenses are properly chargeable to the new crop year.

The term "surplus referable" should be redefined so as to delete the words "and

quality" from the phrase "pack and quality" and to change the phrase "to be handled" so as to read "certified for handling." The reason for the deletion of the words "and quality" is the same as the reason for the deletion of the definition of "quality" discussed above. The reasons for the other change are discussed, in detail, in (6) of these findings and conclusions.

(2) That portion of the provisions relating to the duties of the Walnut Control Board involving the administration of section 32 of the act to amend the Agricultural Adjustment Act, and for other purposes (Pub. Law 320) should be reworded so as to show the current appropriate legal citation for such act, i. e., "the act of Congress of August 24, 1935, as amended (7 U. S. C. 612c)." Similar changes in the legal citation for such act should be made wherever it is referred to in other portions of the agreement and order.

(3) Pack specifications and minimum requirements should be prescribed by the Walnut Control Board, subject to the approval of the Secretary, in order to tend to effectuate the declared policy of the act. Under the present provisions, pack specifications are set forth in exhibits which are attached to, and made parts of, the agreement and order, and any change therein can be effected only through formal amendment procedure in connection with such agreement and order, which procedure is too time consuming and expensive. This has resulted, in the past, in the failure to make changes as frequently as might be desirable to keep the pack specifications in line with changes in grading practices. The present proposed method will allow needed changes to be made effective in considerably less time than is practicable under the existing provisions, but, at the same time, it will give interested parties an opportunity to participate in their formulation, through the submission of written data, views, and arguments in connection therewith, in the manner contemplated by the Administrative Procedure Act (60 Stat. 237, Pub. Law 404, 79th Cong., 2d sess., approved June 11, 1946).

(4) The salable and surplus percentages for each crop year should be fixed by the Secretary, after consideration of the recommendations, and the information upon which such recommendations are based submitted to him by the Walnut Control Board, and other pertinent data. Under the existing provisions, such percentages are required to be fixed through formal amendment procedure, including public hearing, and the percentages so fixed for each year are specifically incorporated in the agreement and order. Such a method is unduly expensive and, under existing procedural requirements relating to a public hearing, it will be impracticable, after crop production information becomes available, to make an amendment effective by the time shipments start early in October. In this connection, crop production estimates are not available until about August 12, and the Walnut Control Board will not be able to make findings with respect to carryover and production until after that time. Even when salable and surplus percent-

age recommendations are made late in August, heat and other weather damage often reduce the prospective crop and require changes in estimates. The percentages must be made effective early in October at the latest. It is believed that the proposed procedure will allow the salable and surplus percentages to be fixed within the necessary time, and, at the same time, it will give interested parties an opportunity to participate in the determining of such percentages, through the submission of written data, views, and arguments in connection therewith, in the manner contemplated by the Administrative Procedure Act. The provisions relating to estimated carryover, consumptive demand, and production should be redrafted so that they will conform with the aforementioned changes.

Testimony presented at the hearing indicates that the current prices are not, and the anticipated prices for the coming crop year will not be in excess of the parity level specified in the act.

(5) The salable and surplus percentages fixed for any crop year should not apply to separate packs of walnuts of which not over 12 percent by count will pass through a round opening 96/64 inches in diameter. Walnuts of such a size are produced under special and expensive cultural practices (often including, among other things, the whitewashing of the exposed walnuts on the trees to prevent sunburn). They represent less than one-tenth of one percent of the total production of merchantable walnuts in the area, and they are sold primarily as gift packages and as novelties. Walnuts of such a size have, during the past several years, brought a price at least twice as high as that of the average large-size commercial walnuts. By reason of their extraordinary size, they have a special and different type of outlet from that of ordinary merchantable walnuts, and generally, production is not sufficient to meet the demand. They represent the largest size of commercial walnuts which has been recognized under this regulatory program.

The proponents of this change previously raised the matter with the Walnut Control Board, which is composed of representatives of all segments of the commercial walnut industry, which at a regularly called meeting, passed a resolution recommending, in effect, that such proposal be presented at the hearing. The testimony of the Manager of the Walnut Control Board, as well as the testimony of representatives of various segments of the walnut industry, was generally favorable to the adoption of the proposal. In fact, no adverse testimony with respect to such proposal was presented.

(6) The phrase reading "or to be handled" should, wherever it appears in the agreement and order following the word "handled," be changed to read "or certified for handling." Previous experience under this regulatory program has demonstrated that some walnuts have to be certified in advance of shipment in order to accommodate packers, to facilitate off-season distribution or to minimize inspection costs. It was originally believed that this situation would be covered adequately by the use of the phrase

"to be handled." It now appears, however, that the phrase last referred to is too broad, in that there is no way to anticipate exactly the quantity of walnuts to be handled during the entire season by any packer, but, after lots of walnuts are certified for handling, they may easily be identified as to both quantities and packs. A request for certification is actually a declaration of future shipment. It is believed that the change is more accurate in terminology, and reflects the operational practice which it has been necessary to follow in that regard. On the other hand, the phrase "or to be handled" should be added after the word "handled" in the provisions relating to certification of shipment, inasmuch as such provisions specify the merchantable walnuts which must be so certified. It is obvious that the provisions should apply to walnuts which are to be handled, as well as to walnuts handled.

(7) The form of certification of shipment which is required for each lot of merchantable walnuts handled or to be handled by any packer, or delivered by him to the Walnut Control Board, should contain provision for the reporting of whether the particular lot will move interstate or intrastate, or, if such lot is to be exported, the name of the country to which it is to be shipped. It was proposed in this regard, in the notice of hearing, that such form should contain provision for the reporting of destination. However, it developed at the hearing that the intended purpose would be served by the requirement proposed to be adopted.

(8) In addition to providing for the collection of assessments in instances where salable and surplus percentages are fixed, provision should be made for the collection from each handler of assessments to defray expenses of operation in the event no salable and surplus percentages are fixed for any crop year. Such assessment should be in an amount (adjusted to the next higher one-hundredths of a cent) per pound of merchantable walnuts handled, or certified for handling, by him during such crop year computed as follows: The amount resulting from dividing the expenses for such crop year as approved by the Secretary by the total aggregate pounds of merchantable walnuts which the Walnut Control Board estimates will be handled by all handlers during that crop year. The provisions with respect to assessments for expenses in the existing agreement and order do not cover such a situation, and it seems reasonable to anticipate that there may be a crop year for which no salable and surplus percentages are fixed and the average seasonal prices are not in excess of parity. Even though, in such an event, there will need to be no delivery of merchantable walnuts to the Walnut Control Board and no accounting in that regard, the regulatory provisions will still require the inspection and certification of all merchantable walnuts handled, or to be handled, by the several handlers. The performance of the functions last referred to will, in the circumstances, be appropriate and in accordance with the provisions of the act. The method of

assessment proposed to cover the cost of performing these functions is believed to be obviously fair and equitable. Testimony in the hearing record indicates that the continuance of these inspection and certification functions are very desirable, even though other restrictions should not be operative.

Provision should also be made for the refunding of any money collected to cover expenses of operation for any crop year which is not expended for that purpose in connection with such crop year's operations. No specific provision to that effect is contained in the existing agreement and order, and it is believed that the inclusion of a specific authorization to make such refund would be desirable.

The proposed amendments hereinafter set forth also omit certain provisions of the agreement and order which are not relevant to administration of this program. These recommended changes are proposed for the purpose of simplifying the agreement and order since such omitted matter is merely historical or obsolete and will serve no useful purpose in the future administration of the program. Changes in the provisions of certain other sections which are necessary to make them conform with the changes indicated above should be made.

General. (a) The marketing agreement, as amended and as hereby proposed to be further amended, and the marketing order, as amended and as hereby proposed to be further amended, and all of the terms and conditions of each such document, will tend to effectuate the declared policy of the act;

(b) The marketing agreement, as amended and as hereby proposed to be further amended, and the marketing order, as amended and as hereby proposed to be further amended, regulate the handling of walnuts grown in California, Oregon, and Washington, in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in the proposals upon which the hearing was held; and

(c) There are no differences in the production and marketing of said commodity in the production area covered by said marketing agreement, as amended and as hereby proposed to be further amended, and of the marketing order, as amended and as hereby proposed to be further amended, that make necessary different terms applicable to different parts of such area.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled, respectively, "agreement amending the marketing agreement, as amended, regulating the handling of walnuts grown in California, Oregon, and Washington" and "order amending the order, as amended, regulating the handling of walnuts grown in California, Oregon, and Washington," which have been decided upon as the appropriate and detailed means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

No. 141—3

It is hereby ordered, That all of this decision, except the attached agreement amending the marketing agreement, as amended, be published in the *FEDERAL REGISTER*. The regulatory provisions of the said agreement amending the marketing agreement, as amended, are identical with those contained in the attached order amending the order, as amended, which will be published with the decision.

This decision filed at Washington, D. C., this 15th day of July 1947.

[SEAL] CLINTON P. ANDERSON,
Secretary of Agriculture.

Order¹ Amending the Order, as Amended, Regulating the Handling of Walnuts Grown in California, Oregon, and Washington

§ 901.0 *Findings upon the basis of the hearing record.* Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended, (7 U. S. C., 601 et seq.), (hereinafter referred to as the "act") and the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159), a public hearing was held at San Francisco, California, on April 28, 1947, upon certain proposed further amendments to the marketing agreement, as amended, and to the marketing order, as amended (7 CFR, 901.1 et seq., as amended, 7 CFR, Cum. Supp., 901.4, 901.17, 901.19) regulating the handling of walnuts grown in California, Oregon, and Washington. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(a) The said order, as amended and as hereby further amended, and all of the terms and conditions of the said order, as amended and as hereby further amended, will tend to effectuate the declared policy of the act;

(b) The said order, as amended and as hereby further amended, regulates the handling of the aforementioned walnuts in the same manner as the aforementioned marketing agreement, as amended and as further amended effective as of the same time as the further amendment of the said marketing order, as amended, and the said marketing order, as amended and as hereby further amended, is applicable only to persons in the respective classes of industrial and commercial activity specified in the proposals upon which the hearing was held; and

(c) There are no differences in the production and marketing of said commodity in the production area covered by the said marketing order, as amended and as hereby further amended, that make necessary different terms applicable to different parts of such area.

The foregoing findings are supplementary and in addition to the findings made in connection with the issuance

¹ This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

of the aforesaid order and the findings made in connection with the issuance of each of the previously issued amendments thereto; and all of said previous findings are hereby ratified and affirmed except insofar as such findings may be in conflict with the findings set forth herein.

It is, therefore, ordered, That, on and after the effective date hereof, the handling of walnuts grown in California, Oregon, and Washington shall be in conformity to, and in compliance with, the terms and conditions of the aforesaid order, as amended and as hereby further amended; and such order, as amended, is hereby further amended as follows:

1. Delete the provisions of paragraph 1, section 1 of Article I (§ 901.2 (a)) and insert, in lieu thereof, the following:

(a) "Secretary" means the Secretary of Agriculture of the United States, or any officer or employee of the United States Department of Agriculture who is, or who may be, authorized to perform the duties of the Secretary of Agriculture of the United States.

2. Delete the provisions of paragraphs 9, 10, 11, 12, 13, 14, and 15 of section 1 of Article I (§§ 901.2 (l), (j) (k) (l) (m) (n), (o) and (p)) and insert, in lieu thereof, the following:

(l) "Act" means Public Act No. 10 73d Congress, as amended and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C., 601 et seq.).

(j) "Walnuts" means only walnuts of the "English" (*Juglans Regia*) varieties grown in the States of California, Oregon, and Washington.

(k) "Merchantable walnuts" means all unshelled walnuts meeting the pack specifications and minimum requirements prescribed pursuant to section 1 of Article III (§ 901.4 (a))

(l) "Cull walnuts" means all lots of unshelled walnuts which do not meet the minimum specifications for merchantable walnuts and which cannot be brought up to such minimum specifications by standard commercial grading practices.

(m) "Pack" means a specific commercial classification according to size, variety or type, internal quality, and external appearance and condition, of merchantable walnuts, packed in accordance with the pack specifications prescribed pursuant to section 1 of Article III (§ 901.4 (a)).

(n) "Credit value" means that value per pound for each pack established by the Control Board, subject to the approval of the Secretary, pursuant to section 1 of Article IV (§ 901.5 (a))

(o) "Sheller" means any person engaged in the business of shelling walnuts for any commercial purpose.

3. Delete the provisions of paragraphs 17 and 18 of section 1 of Article I (§§ 901.2 (r) and (s)) and insert, in lieu thereof, the following:

(r) "Crop year" means the twelve months from August 1 to the following July 31, both inclusive.

(s) "Surplus referable" to any walnuts handled or certified for handling or sold

to the Control Board means a quantity of walnuts of like pack which bears the same ratio to such quantity of walnuts handled or certified for handling or sold to the Control Board as the surplus percentage bears to the salable percentage.

4. Delete the provisions of paragraph 5 of section 3 of Article II (§ 901.3 (c) (9)) and insert, in lieu thereof, the following:

(9) To perform such duties in connection with the administration of section 32 of the act of Congress of August 24, 1935, as amended (7 U. S. C. 612c), as may from time to time be assigned to it by the Secretary.

5. Delete the provisions of sections 1, 2, and 3 of Article III (§§ 901.4 (a) (b) and (c)) and insert, in lieu thereof, the following:

(a) *Authorized packs.* Except as otherwise provided in Article VII (§ 901.8) hereof for the sale of cull walnuts, no packer shall handle any unshelled walnuts except those packed in accordance with such pack specifications and minimum requirements as the Control Board may prescribe, subject to the approval of the Secretary, in order to tend to effectuate the declared policy of the act. To aid the Secretary in determining whether to grant or withhold such approval, the Control Board shall furnish to the Secretary the data upon which it acted in prescribing such pack specifications and minimum requirements and such other data pertaining thereto as the Secretary may request.

(b) *Salable percentage and surplus percentage.* On the basis of the carryover, estimated consumptive demand, and estimated production of merchantable walnuts, the salable and surplus percentages of merchantable walnuts for each crop year shall be fixed by the Secretary, after consideration of the recommendations submitted to him by the Control Board, and other pertinent data. *Provided,* That the salable and surplus percentages so fixed shall not apply to separate packs of walnuts, of which not over 12 percent by count pass through a round opening 96/64 inches in diameter. The total of the salable and surplus percentages fixed for each crop year shall equal one hundred (100) percent. The Secretary may, subsequently, on request of the Control Board (or if the Control Board shall fail so to request, on request of two or more packers who have handled during the immediately preceding crop year at least ten (10) percent of the total tonnage handled by all packers during such crop year) and after a finding of fact, based on such revised and current information as may be pertinent, that the merchantable walnuts, available for sale will not be sufficient to supply the consumptive demand, increase the said salable percentage to conform with such new relation as may be found to exist between consumptive demand and available supply. *Provided, however* That an increase of the salable percentage shall not be made after January 15 of any crop year unless the quantity of walnuts held unsold by the Control Board is sufficient to permit full delivery to

packers as required by section 2 of Article V (§ 901.6 (b)) hereof. The merchantable walnuts handled by any packer in accordance with the provisions hereof shall be deemed to be that packer's quota fixed by the Secretary within the meaning of section 8a (5) of the act.

(c) *Estimated carryover consumptive demand, and production.* To aid the Secretary in fixing the salable and surplus percentages, the Board shall furnish to the Secretary, not later than September 1 of each year, the following information; its estimate of the quantity of merchantable walnuts to be produced during such year, herein referred to as the "estimated production," such estimate to be approved by at least a two-thirds ($\frac{2}{3}$) vote of the Control Board; and, likewise, its estimate of the total consumptive demand in the United States for merchantable walnuts for the coming crop year (on the basis of prices not exceeding the maximum prices contemplated in section 2 of the act), such estimate to be approved by at least a two-thirds ($\frac{2}{3}$) vote of the Control Board; and also a report on the total carryover of merchantable walnuts from preceding crop years held by packers on the preceding August 1. The Board shall also furnish to the Secretary a complete report of the proceedings of the Board meeting to recommend the salable and surplus percentages to be fixed by the Secretary.

6. In section 4 of Article III (§ 901.4 (d)) change the phrase "of each year after 1935" to read "of each year" and change the phrase "quantity, pack, quality and location thereof" to read "quantity, pack and location thereof."

7. In section 5 of Article III (§ 901.4 (e)) change the phrase "the surplus referable to each pack and quality of such merchantable walnuts handled or to be handled" to read "the surplus referable to each pack of such merchantable walnuts handled or certified for handling."

8. In section 6 of Article III (§ 901.4 (f)) delete the words "or to be handled" and insert, in lieu thereof, the words "or certified for handling."

9. In section 7 of Article III (§ 901.4 (g)) delete the words "and quality" wherever they now appear in said section.

10. In section 11 of Article III (§ 901.4 (k)) change the phrase "the quantity of each pack and quality handled or to be handled" so as to read "the quantity of each pack handled or certified for handling"; and, in subparagraph (1) thereof, change the phrase "or a total weight equal to the surplus referable to such walnuts so handled or to be handled" to read "of a total weight equal to the surplus referable to such walnuts so handled or certified for handling."

11. Delete the provisions of sections 1 and 2 of Article IV (§ 901.5 (a) and (b)) and insert, in lieu thereof, the following:

(a) *Credit values.* The Control Board shall, on or before October 15 of each year, establish, subject to the approval of the Secretary, credit values for each pack of merchantable walnuts. The establishment of credit values shall require a vote of at least two-thirds ($\frac{2}{3}$) of the members of the Control Board. To aid

the Secretary in determining whether to grant or withhold such approval, the Control Board shall furnish to the Secretary the data upon which it acted in establishing such credit values and such other data pertaining thereto as the Secretary may request. Such credit values shall provide reasonable differentials for the different packs as will reflect the normal differences in market prices thereof.

(b) *Interest of packers in holdings of Control Board.* The equitable interest of each packer in the holdings of the Control Board shall be in the proportion of the net credits of such packer to the total net credits of all packers. For the purpose of this section, "holdings of the Control Board" means the merchantable walnuts held by or for it and the net proceeds from the sale, exchange, or other disposition thereof by the Control Board, and all cash received by the Control Board pursuant to Article III (§ 901.4) hereof, which has not been expended or refunded in accordance with the provisions of said Article III, but shall not include such moneys, if any, as may be received by the Control Board as diversion payments in connection with the encouragement of exportation or encouragement of domestic consumption pursuant to the provisions of section 32 of the act of Congress of August 24, 1935, as amended (7 U. S. C. 612c). The Control Board shall, from time to time, distribute the cash "holdings of the Control Board," ratably to the packers in accordance with their respective interests therein, except that no cash which under the provisions of Article III (§ 901.4) is to be, or may be, used to effect purchases from packers or which, under the provisions of said article, is to be held undistributed until the end of a crop year shall be distributed before the end of such crop year.

12. Delete the provisions of section 1 Article VI (§ 901.7, (a)) and insert, in lieu thereof, the following:

(a) *Certification of shipments.* Every packer, at his own expense, shall obtain a certificate for each lot of merchantable walnuts handled or to be handled by him and all lots of merchantable walnuts which he delivers to the Control Board. Said certificates shall be issued by inspectors designated by the Control Board. All such certificates shall show, in addition to such other requirements as the Control Board may specify, the identity of the packer, whether domestic shipments will move interstate or intrastate and if for export, the country of destination, the quantity and pack of merchantable walnuts in such lot, and that the walnuts covered by such certificate conform to the minimum specifications for quality and soundness prescribed pursuant to section 1 of Article III (§ 901.4 (a))

The Control Board may direct that such certificate be not issued to any packer who has failed to deliver or otherwise account for his surplus obligation in accordance with the terms of this paragraph.

13. Delete the provisions of section 1 of Article VIII (§ 901.9) and insert, in lieu thereof, the following:

§ 901.9 *Expenses.* Each packer shall pay to the Control Board, upon demand and on the applicable basis provided for hereinafter in this section, his pro rata share of the expenses necessarily incurred by the control Board for its maintenance and functioning under this order for the crop year ending July 31, 1948, and for each crop year thereafter. The amount of such expenses which will necessarily be incurred by the Control Board during the crop year ending July 31, 1948, and each crop year thereafter, shall be fixed by the Secretary on the basis of recommendations by the Control Board and such other pertinent information as may be available to him. Such approved amount for any such crop year may later be adjusted, from time to time, by the Secretary. The recommendation of the Control Board as to the expenses for each such crop year, together with all data supporting such recommendation, shall be submitted to the Secretary on or before September 1 of the crop year in connection with which such recommendation is made.

In the event a surplus percentage of merchantable walnuts is fixed for any crop year, each packer's pro rata share of the expenses of the Control Board for such crop year shall be that proportion thereof which the total credit value of his surplus obligation with respect to merchantable walnuts handled or certified for handling by him and merchantable walnuts sold by him to the Control Board, during such crop year, is of the total credit value of the surplus obligations of all the packers with respect to merchantable walnuts handled or certified for handling by them and merchantable walnuts sold to the Control Board by them during that crop year; *Provided*, That an initial assessment for any such crop year may be levied on each packer of one (1) percent of the total credit value of such packer's estimated surplus obligation for such crop year.

In the event no surplus percentage of merchantable walnuts is fixed for any crop year, each packer shall pay, as his pro rata share of the expenses of the Control Board for that crop year, an amount (adjusted to the next higher one-hundredths of a cent) per pound of merchantable walnuts handled, or certified for handling, by him during such crop year computed as follows: The amount resulting from dividing the approved expenses by the total aggregate pounds of merchantable walnuts which the Board estimates will be handled by all handlers during that crop year.

Any money collected to cover the expenses of the Control Board for any crop year and not expended for that purpose in connection with such crop year's operations shall be refunded to the packers who paid it on the basis of, in the case of each individual packer, the proportion that the amount of the assessment paid by him bears to the total amount of the assessments paid by all packers for the particular crop year.

14. In paragraph 3, section 2, Article XVI (§ 901.17 (third paragraph)) change the phrase "on or before August 1" to read "on or before July 1."

15. Delete Exhibits A and B (§§ 901.19 and 901.20)

HANDLING OF LEMONS GROWN IN CALIFORNIA AND ARIZONA

AMENDED NOTICE OF HEARING ON PROPOSED AMENDMENTS TO MARKETING AGREEMENT AND ORDER

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.) and in accordance with the applicable rules of practice and procedure (7 CFR and Supps. 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159) notice was given (12 F. R. 4516) of a public hearing to be held at Room 212, United States Court House, First Avenue and Van Buren Street, Phoenix, Arizona, beginning at 10:00 a. m., P. s. t., August 4, 1947, and continued in Room 324, Federal Building, Los Angeles, California, beginning at 10:00 a. m., P. s. t., August 7, 1947.

The Arizona Orange-Lemon Growers Association, Phoenix, Arizona, has requested that the aforesaid notice of hearing be amended to include proposed amendments, as hereinafter set forth, for the purpose of receiving evidence with respect to economic or marketing conditions relating to all aspects of such additional proposed amendments to the marketing agreement and order. The proposed amendments have not received the approval of the Secretary of Agriculture.

The aforesaid notice of hearing is hereby amended by adding the following paragraphs immediately after paragraph numbered 12 thereof:

Proposals submitted by the Arizona Orange-Lemon Growers Association, Phoenix, Arizona:

13. Delete the words "or in the State of Arizona" from paragraph (d) of section 1 of the marketing agreement and from § 953.1 (d) of the order.

14. Delete the words "or between the State of Arizona and any point outside thereof in the United States or in Canada" from paragraph (g) of section 1 of the marketing agreement and from § 953.1 (g) of the order.

15. Delete the words "or Arizona" from the provisions of paragraph (a) (iii) of section 6 of the marketing agreement and from § 953.6 (a) (3) of the order.

Copies of this amendment to the notice of hearing (12 F. R. 4516) may be obtained from the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., or from the Fruit and Vegetable Branch, Production and Marketing Administration, 1206 Santee Street, Los Angeles, California.

Done at Washington, D. C., this 15th day of July 1947.

CIVIL AERONAUTICS BOARD

[14 CFR, Parts 40 and 61]

AIR CARRIER OPERATING CERTIFICATES

ISSUANCE TO PERSONS HOLDING TEMPORARY CERTIFICATES OF PUBLIC CONVENIENCE AND NECESSITY AND SUBSEQUENT MODIFICATIONS THEREOF

JULY 16, 1947.

The Safety Bureau of the Civil Aeronautics Board is presenting a proposed special civil air regulation the purpose of which is to authorize the issuance and modification of air carrier operating certificates for scheduled air carriers where safety will not be adversely affected. This regulation will be applicable to air carriers holding temporary certificates of convenience and necessity which because of the aircraft and equipment used, the navigational facilities available on the routes flown, and the types of services offered are unable to meet all the requirements of the Civil Air Regulations presently applicable to scheduled air carriers. This regulation is necessary to enable such air carriers to operate and continue operation where safety is not adversely affected.

The following is the text of the proposed Special Civil Air Regulation.

An air carrier operating certificate may be issued by the Administrator to an air carrier holding a temporary certificate of public convenience and necessity, issued by the Board, authorizing such carrier to engage in scheduled air carrier operations, although the carrier does not fully comply with all the requirements of Parts 40 and 61 of the Civil Air Regulations, if the Administrator finds that any of such requirements can be omitted or modified without adversely affecting

safety. Such omissions or modifications, when approved by the Administrator, shall be listed in the air carrier operating certificate and the Administrator shall promptly notify the Board of the omissions or modifications approved by him and the reasons therefor.

It is proposed that this regulation shall be effective for one year.

This regulation is proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

It is the desire of the Bureau that those interested submit written comments or suggestions regarding the proposed regulation, addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., for receipt within 15 days from the date of this public notice.

(52 Stat. 984, 1007; 49 U. S. C. 425, 551)

FLIGHT RECORDERS FOR SCHEDULED AIR CARRIER OPERATIONS

JULY 16, 1947.

The use of flight recorders was required by regulation prior to June 9, 1944. On that date the Civil Aeronautics Board found it necessary to repeal the pertinent requirement because of the wartime shortage of material and personnel which made proper maintenance of flight recorders by the air carriers impossible. It was also apparent at that time that the instruments then available were not entirely adequate for the purpose intended, and that new designs would have to be developed in order that practical use could be made of them for safety purposes.

It now appears that new flight recording instruments have been developed and service tested, and they can be made available to the air carriers for installation within a short period of time. Since the use of flight recorders by scheduled air carriers in both passenger and cargo service will promote safety of operation, it is considered in the public interest to require their use at the earliest possible time.

Therefore, the Safety Bureau gives notice that it intends to propose to the Civil Aeronautics Board the adoption of the following amendments to Parts 41 and 61 of the Civil Air Regulations:

§ 41.24. *Flight recorder* No aircraft shall be operated in scheduled air transportation after June 30, 1948, unless it is equipped with properly functioning instrumentation to record continuously during flight the altitude of the aircraft and the vertical accelerations to which the aircraft may be subjected, the values of both these items to be recorded against a time scale of at least 2 inches to the hour. The recording device shall be substantially protected from jarring and from the effects of fire and shall be located as far back in the fuselage as practicable, in any case at least aft of the most rearward bulkhead.

§ 61.341 *Flight recorder* No aircraft shall be operated in scheduled air transportation after June 30, 1948, unless it is equipped with properly functioning instrumentation to record continuously during flight the altitude of the aircraft and the vertical accelerations to which the aircraft may be subjected, the values of both these items to be recorded against a time scale of at least 2 inches to the hour. The recording device shall be substantially protected from jarring and from the effects of fire and shall be located as far back in the fuselage as practicable, in any case at least aft of the most rearward bulkhead.

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

The Safety Bureau invites those interested to offer comments regarding the proposed amendment. Comments in writing should be addressed to the Safety Bureau, Civil Aeronautics Board, Washington 25, D. C., for receipt within 15 days from the date of this public notice.

ABSOLUTE TERRAIN PROXIMITY INDICATOR

REQUIREMENT ON ALL SCHEDULED AIRCRAFT DURING HOURS OF DARKNESS OR UNDER INSTRUMENT FLIGHT RULE CONDITIONS

JULY 14, 1947.

Air carrier accidents in which aircraft have just failed to clear the terrain have established the need for an additional safeguard. The Civil Aeronautics Board proposes to amend the Civil Air Regulations to require the installation of absolute terrain proximity indicators on all scheduled air carrier aircraft after January 1, 1948, which are to be operated during the hours of darkness or under instrument flight conditions. Since the reliability of absolute terrain proximity indicators has not been completely proved in air carrier operations, the device is to be used only as an auxiliary instrument and will not replace or supersede other presently required navigational instruments.

The proposed regulation will be a Special Civil Air Regulation reading as follows:

On and after January 1, 1948, aircraft operated in scheduled air carrier service during the hours of darkness or under instrument flight rule conditions shall be equipped with one absolute terrain proximity indicator, approved by the Administrator, which will warn the pilot of the altitude of the aircraft above the terrain at altitudes of 2,000 feet, 1,000 feet, and any predetermined altitude between 300 feet and 500 feet inclusive.

This special regulation shall terminate January 1, 1950.

During the interim period the Administrator and the Board will determine the effectiveness of this device and, if it is

proven effective, will incorporate the requirement in the air carrier operating rules of the Civil Air Regulations.

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

It appears that the public interest requires this special regulation be made effective with the least delay practicable, and the Board will act on this proposal as soon as possible after July 31, 1947. Any comment concerning this proposal should be submitted in writing to the Secretary, Civil Aeronautics Board, Washington 25, D. C., on or before July 31, 1947.

AIR CARRIER FLIGHT ALTITUDE RULES

JULY 14, 1947.

Notice is hereby given that the Civil Aeronautics Board has under considera-

tion a proposed amendment of the air carrier operation rules which under the specified conditions will raise the minimum altitude for air carrier operations.

Air carrier accidents in which aircraft have failed to clear mountainous terrain have pointed to the desirability of raising the minimum en route altitudes to provide for a greater margin of safety in those cases where miscalculations, altimeter errors, or unusual weather conditions may permit insufficient clearance at the presently required altitudes.

It is proposed to amend the air carrier operation rules by inserting the following paragraphs where applicable:

Flight altitude rules; night and instrument operations. Except during take-offs or landings or when operating in accordance with specific procedures for definite localities approved by the Administrator, no aircraft shall be flown at less than the following altitudes above the highest obstacle located within a horizontal distance of 5 miles from the center line of the ground track being flown.

(a) **Night operations.** (1) Areas of hazardous mountainous terrain, unlighted airways—2,000 feet; (2) areas of hazardous mountainous terrain, lighted

airways—1,000 feet; (3) all other terrain—1,000 feet.

(b) **Instrument operations.** (1) Areas of hazardous mountainous terrain—2,000 feet.

(2) All other terrain—1,000 feet.

Within the meaning of this section the term "areas of hazardous mountainous terrain" shall be deemed to be areas specified as such by the Administrator.

These regulations are proposed under the authority of Title VI of the Civil Aeronautics Act of 1938, as amended.

It is the desire of the Board that those interested offer suggestions and comments regarding the proposed amendment. Comments in writing should be addressed to the Secretary, Civil Aeronautics Board, Washington 25, D. C., for receipt within 30 days from the date of this public notice.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[Misc. 811627]

WASHINGTON

ORDER PROVIDING FOR THE OPENING OF PUBLIC LANDS RESTORED FROM YAKIMA PROJECT

JULY 11, 1947

An order of the Bureau of Reclamation dated November 29, 1946, concurred in by the Director, Bureau of Land Management, March 13, 1947, revoked Departmental Order of November 26, 1918, so far as it withdrew in the first form prescribed by section 3 of the Reclamation Act of June 17, 1902 (32 Stat. 388) the lands hereinafter described in connection with the Yakima Project, Washington, and provided that such revocation shall not affect the withdrawal of any other lands by said order or affect any other order withdrawing or reserving the lands described.

At 10:00 a. m. on September 12, 1947, the lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, or selection as follows:

(a) *Ninety-day period for preference-right filings.* For a period of 90 days from September 13, 1947, to December 12, 1947, inclusive, the public lands affected by this order shall be subject to (1) application under the homestead or the desert land laws, or the small tract act of June 1, 1938 (52 Stat. 609, 43 U. S. C. sec. 682a) as amended, by qualified veterans of World War II, for whose service recognition is granted by the act of September 27, 1944 (58 Stat. 747, 43 U. S. C. secs. 279-283) subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications by such veterans shall be subject to claims of the classes described in subdivision (2)

(b) *Twenty-day advance period for simultaneous preference-right filings.* For a period of 20 days from August 24, 1947, to September 12, 1947, inclusive,

such veterans and persons claiming preference rights superior to those of such veterans, may present their applications, and all such applications, together with those presented at 10:00 a. m. on September 13, 1947, shall be treated as simultaneously filed.

(c) *Date for non-preference right filings authorized by the public-land laws.* Commencing at 10:00 a. m. on Dec. 13, 1947, any of the lands remaining unappropriated shall become subject to such application, petition, location, or selection by the public generally as may be authorized by the public-land laws.

(d) *Twenty-day advance period for simultaneous non-preference right filings.* Applications by the general public may be presented during the 20-day period from November 23, 1947, to December 12, 1947, inclusive, and all such applications, together with those presented at 10:00 a. m. on December 13, 1947, shall be treated as simultaneously filed.

Veterans shall accompany their applications with certified copies of their certificates of discharge, or other satisfactory evidence of their military or naval service. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated affidavits in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the District Land Office at Spokane, Washington, shall be acted upon in accordance with the regulations contained in § 295-8 of Title 43 of the Code of Federal Regulations (Circular No. 324, May 22, 1914, 43 L. D. 254) and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations and applications under the desert land laws and the small tract act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to the District Land Office at Spokane, Washington.

The lands affected by this order are described as follows:

WILLIAMETTE MERIDIAN, WASHINGTON
T. 15 N., R. 17 E., Sec. 2, Lot 4.

The area described aggregates 40.09 acres. The land has a hilly surface with the dominant vegetative type comprising bunch grass.

[Docket No. G-918]

MICHIGAN CONSOLIDATED GAS CO.

NOTICE OF APPLICATION

JULY 15, 1947.

Notice is hereby given that on June 27, 1947, an application was filed with the Federal Power Commission by Michigan Consolidated Gas Company (Applicant), a Michigan corporation with its principal place of business in Detroit, Michigan, requesting a finding by the Commission that the matters involved therein are not subject to the requirements of section 7 (c) of the Natural Gas Act, as amended, and that Applicant does not require the Commission's authorization therefor, or, in the alternative, the issuance of a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant:

(1) To operate, pending completion of the Michigan-Wisconsin Pipe Line Company (Michigan-Wisconsin) project (Docket No. G-669) the following facilities, which are to be constructed by Austin Field Pipe Line Company pursuant to the latter's application for a certificate, which application is pending before the Commission in Docket No. G-834:

(a) A 26-inch O. D. pipeline, approximately 140 miles in length, extending southeasterly from a point at the Austin Storage Field near the common corner of Sections 3, 4, 9 and 10 in Austin Township, Mecosta County, Michigan, to a point near the southwest corner of Section 35, Township 1 North, Range 10 East, Southfield Township, Oakland County, Michigan;

(b) A metering station at Evergreen, the eastern terminus of the Austin-Detroit line;

(c) A gas compressor station on the Austin-Detroit line at the Austin Storage Field with an initial installation of 3,000 h. p.,

(2) To construct and operate a 26-inch O. D. pipeline connection to extend some 14½ miles from eastern terminus of the above-described Austin-Detroit line at Evergreen to Melvindale, Michigan, where natural gas is delivered to Applicant by Panhandle Eastern Pipe Line Company (Panhandle) and to change the gas cylinders on the pumps at Applicant's existing River Rouge Station at Melvindale and to continue the operation of such pumps at higher pressures;

(3) To continue the operation, pending completion of the Michigan-Wisconsin project, of Applicant's Austin Storage Field insofar as such operation will involve the storage in and subsequent withdrawal from such field of gas which Applicant shall have obtained from Panhandle.

Applicant proposes to operate the facilities described above for the purpose of transporting to Austin Field and storing therein "off peak" natural gas which Applicant obtains from Panhandle at Melvindale and subsequently returning such gas to Detroit for distribution and sale to Applicant's consumers in its Detroit District. Applicant states that pending completion of the Michigan-Wisconsin project, such facilities will be used to provide some relief in the critical gas supply situation in Applicant's Detroit District.

Pending completion of the Michigan-Wisconsin project, Applicant proposes to lease the facilities described in paragraph (1) above from Austin Field Pipe Line Company and states that it will submit a supplementary Tri-Partite Agreement between Applicant, Michigan-Wisconsin and Austin Field Pipe Line Company providing therefor.

Applicant proposes to undertake the construction of the facilities described in paragraph (2) above as soon as the requisite governmental authorization can be obtained. Applicant further proposes to begin the storage program upon the completion of the facilities required for that purpose, and in any event to begin the storage of gas obtained from Panhandle not later than April 1, 1948.

Applicant states that under its contract, and the amendments thereto, with Panhandle, on file with the Commission as rate schedules, Applicant is entitled to take and Panhandle is obligated to deliver, a daily maximum of 125 million cubic feet of natural gas, and that Applicant proposes to take this amount at substantially a 100% load factor.

Applicant estimates the total overall capital cost of the facilities which it proposes to construct to be \$1,014,400, all of which amount Applicant proposes to finance by the use of treasury funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Michigan Consolidated Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the Rules of Practice and Procedure (effective September 11, 1946) and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the

petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

[Docket No. G-920]

IROQUOIS GAS CORP.

NOTICE OF APPLICATION

JULY 15, 1947.

Notice is hereby given that on June 30, 1947, Iroquois Gas Corporation (Applicant) a New York corporation having its principal place of business at Buffalo, New York, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of approximately 15.2 miles of 12 $\frac{3}{4}$ -inch O. D. pipeline, as a loop section in Applicant's main transmission system, from Applicant's Zoar By-pass, located in the Town of Collins, Erie County, New York, and running northerly to Eckert Road junction near the boundary line of the Towns of Eden and Hamburg, Erie County, New York.

Applicant states that the purpose of the proposed loop section is to eliminate excessive pressure drop which now occurs in the transmission system north of Zoar By-pass, particularly between Zoar By-pass and Eckert Road junction. The application recites that the capacity of the existing lines between Zoar By-pass and the city gate stations of Buffalo, with pressure of 110 pounds at Zoar By-pass and 65 pounds at the city gate stations is approximately 68,000 Mcf per day. Applicant estimates that the proposed loop line will provide an additional 11,000 Mcf on peak days. Applicant states that its estimated deficiency on the 1946-1947 peak days was 10,000 Mcf, of which a substantial portion was for domestic customers. No main line industrial customers exist or are contemplated.

Applicant estimates the total over-all cost of the proposed construction at \$310,000. Applicant proposes to pay for the proposed construction partly with its own funds and partly with a loan by short-term notes from its parent, National Fuel Gas Company. A joint application for approval of these loans has been filed with the Securities and Exchange Commission.

Applicant recites that prior to the war it served 900 Btu. gas in its Mixed Gas Area, but that with the shortage of natural gas in the Appalachian area during the war, the mixed gas ranged from 840-860 Btu. Applicant states that it desires to resume the serving of 900 Btu. mixed gas as soon as conditions permit.

Any interested State commission is requested to notify the Federal Power Com-

mission whether the application should be considered under the cooperative provisions of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Iroquois Gas Corporation is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington, D. C., not later than fifteen days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of the rules of practice and procedure (effective September 11, 1946), and shall set out clearly and concisely the facts from which the nature of the petitioner's or protestant's alleged right or interest can be determined. Petitions for intervention shall state fully and completely the grounds of the proposed intervention and the contentions of the petitioner in the proceeding so as to advise the parties and the Commission as to the specific issues of fact or law to be raised or controverted, by admitting, denying, or otherwise answering, specifically and in detail, each material allegation of fact or law asserted in the proceeding.

TRANSCONTINENTAL RAIL RATES AND
INTERCOASTAL WATER RATES

JULY 15, 1947.

Upon consideration of the motion filed by respondents in No. 29664 May 12, 1947, the Commission has broadened the scope of these proceedings to include rates on the additional commodities named in that motion. The motion has been denied in so far as it sought inclusion of certain practices outlined therein.

In accordance with the third paragraph of the Commission's notice of March 17, 1947, and for the same purposes as set forth therein, the respondents in these proceedings are hereby directed to confer for mutual consideration of proposals of adjustment of the rates involved in these proceedings as broadened by the orders of July 7, 1947, and to make public for information of interested shippers and others concerned, at the earliest practicable date, any proposals so arrived at.

By the Commission.
